

The Foremost Wine Storage and  
Logistics Company in the Northwest

# History

In 1994, Lloyd “Red” Parker and Gary Parker opened the doors of Northwest Distribution & Storage, Inc. and have completed over two decades in the warehousing, transportation and logistics services, pioneering the wine storage, consolidation programs that are still the standard today. With the loyalty and partnership of some of the largest wineries in the area, along with many of the most prestigious boutique wine brands, they quickly grew to their current size of over 350,000 sq. feet. In addition, with the

extensive background in transportation and logistics, the consolidation and transportation program has grown exponentially. They remain locally owned by the executive team who, along with their valuable employees, embody the same customer service and family values as they have incorporated into every aspect of their business. With the continuous support of their customers, Northwest Distribution & Storage, Inc. expects to remain a steadfast part of the storage, transportation, fulfillment, and logistics business.

# Storage

We currently store for many of the largest wineries in the region, but also are privileged to work with some of the area's most prestigious boutique wine brands. We are the premier storage facility in the Pacific Northwest offering:

- Year-round temperature controlled at 58°
- Over 350,000 sq. feet of space
- 24-hour security with video surveillance
- TTB and OLCC licensed and bonded
- Online access to inventory and reports

# Transportation, Brokerage & Logistics Services

Northwest Distribution & Storage pioneered the Pacific Northwest's first true consolidation program, offering temperature controlled full truckload and LTL shipping direct to customers across the country.

We also have an established full transportation brokerage department. This capability allows us to move any freight from any location to any destination.

We are a fully diversified transportation and freight management organization combining over 100 years of transportation, brokerage and logistics experience and expertise to efficiently move shipments locally and throughout the United States. Our company owned fleet of equipment includes refrigerated trailers complying with all California environmental emissions laws, three bulk wine tankers, and flatbed equipment, while also utilizing multiple relationships with partner carriers throughout the nation.

# Consolidation

In today's market, efficiency means everything. Northwest Distribution & Storage offers a consolidation program that allows you to save time and money consolidating all of your OR and WA wine, beer, and/or liquor products here at our facility and shipping to you direct.

It is a cost-effective solution that can be adapted to fit the unique needs of your company. We have developed a nationwide network of partner carriers who share our values of exceptional customer service and outstanding communication. This network of refrigerated equipment allows us to ship direct to any part of the country in the most efficient manner possible.

# Bulk Wine Tankers

Northwest Distribution and Storage operates three food grade wine tankers for transportation of bulk product with the following capacities:

- 6000 gal.
- 5700 gal.
- 3800 gal.

# WineCo LLC – direct to consumer

WineCo LLC is the most comprehensive direct-to-consumer wine shipping program in the northwest offering complete direct-to-consumer fulfillment needs. Our customers are large and small, fulfilling both club runs and daily orders.

WineCo LLC has an easy-to-use web-based application allowing for direct order uploads from your shopping cart, cash register, or compliance program or manual order entry. We have real time tracking and reporting on all shipments through our website as well as in house temperature checks for weather holds. Our experienced warehouse associates understand that these deliveries are going directly to your customer and take special care to ensure your product is in perfect condition.

# Labeling & Repack

Northwest Distribution & Storage is fully staffed with experienced, knowledgeable personnel who can meet all of your labeling needs, including bottles, cases, or specialized export labels. You can store your unlabeled wine in bond and when you are ready, we can finish the job.

We are also equipped and staffed for glass repacks and reconfigurations utilizing high efficiency equipment to get your packaging to you complete and in time for bottling. Taking advantage of our in-house transportation, we are able to store your glass in bulk, repack into cartons as needed, and bring the completed project directly to the winery as bottling begins.
